DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

REASONS FOR ALLOWANCE

2. Claims 1-16 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in claim(s) 1-16, wherein the claimed invention comprises an optical module mounted body comprising: a mounting board having a mounting surface with a plurality of holes, wherein the plurality of legs are inserted in the plurality of holes, the plurality of engagement portions resiliently engaging with said mounting board to hold said optical module to said mounting board, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
